

# FERN™ TASK CHAIR

The Fern task chair seems alive, in tune with your every movement. Grounded in extensive ergonomic research, Fern's design puts the person at the center with ergonomic innovations that provide total back support, edgeless comfort, and free movement. The result is a next-generation sitting experience that is distinctively responsive to each person. Fern works with you, not against you so you can sit better, work better, and feel better in today's changing workplace.

## Haworth Design Studio and ITO Design

Fern is a collaboration between Haworth Design Studio and ITO Design.

Drawing from resources and knowledge around the world, the Haworth Design Studio collaborates with research and development partners to identify, develop, and launch new and breakthrough innovations. With design centers in three key locations—China, Germany, and the United States—the team focuses on creating multi-generational products and global platforms designed with regional needs and preferences in mind.

ITO Design are experts in creating innovation solutions in the areas of design, engineering, and product development. Located in Germany, ITO Design also collaborated with Haworth on the X99® and Zody® chairs.

# FERN™ TASK CHAIR

## + Sit well:

- Fern accommodates the diverse working population with new levels of all-day comfort, regardless of size, posture, or work mode.
- Research-driven, Fern's ergonomic innovations provide total back support and respond to your every movement.

## + Work well:

- With Fern, more comfort means less distraction.
- As you move or change posture, Fern works with you, not against you, so you can stay focused on the tasks at hand.
- With no hard outer frame, Fern has a soft and pliable edge that won't jar you or limit your movement.

## + Feel well:

- Fern provides a comfortable, engaging sitting experience that creates good feelings, keeping you balanced and centered in your chair.
- Its approachable design is less machine, more human, with intuitive, responsive controls discreetly integrated into the warm, residential aesthetic.
